## Pole Position Travel invites you to **Sepang MotoGP Test 2012**

The is simply no better way to see the bikes and riders up close than at an official MotoGP test.

Sepang is the first official test after the long winter drought. Join us for a very exclusive package as a VIP guest of a MotoGP team and see all the new teams, bikes and riders out in action for the first time!

This one will be especially significant as it will be the first time to see the new 1000s in their official teams and riders.

We take a small group to the test as VIP guests of a MotoGP team; giving you the closest possible exposure to the bikes, the riders and the gossip. We spend two days at the track, eating lunch with a special guest 'insider' and generally poking our noses into the garages, pit lane, track, paddock and elsewhere.

We base ourselves in the sublime Pan Pacific Hotel 5\*, on the club floor, rubbing shoulders with pretty much all the teams & riders. We open Tuesday 31/1 with a happy hours in the lounge; and spend Wednesday and Thursday at the track where we will take a lunch break with a top technical journalist who will give us the scoop on what's going on... Wednesday evening we will have a special dinner with guests from the MotoGP paddock; and Thursday you are welcome to join us for an option excursion into KL to sample the night life!

The main strategy for the weekend is to put ourselves in the path of opportunity and see what we see!

Malaysia is a delightful place to be in late January - to chase away the winter blues!

We do NOT sell tickets independently to this event.

This is the first time this event is being operated at this venue; thus we have no photographs from past events.
