

2010 MotoGP VIP Village and Hospitality products

We are pleased to present our price list for on-track hospitality products for all MotoGP events this season. These represent the event experience 'above' ordinary grandstands. There are two categories:

MotoGP VIP VILLAGE: This is the top experience, and we offer at ALL MotoGP events. More below.

Hospitality: For certain events we put on our own hospitality unit (or work with the circuit to share access to theirs). These are generally aimed at 40%-75% the cost of the VIP Village.

For all events we also offer complete care packages, including top accommodation, ground (or heli) transfers, private VIP guides, and any special arrangements. For further information on booking and contacts please see below.
